- Yours will be the first groom of the day, so that your pet can return home as early as possible. Please discuss with your Groomer at drop-off as exact pickup times will vary.
- Space is limited per day, 1st come, 1st served. Please ask in advance whenever possible
- \$20 additional to any package level.

Senior Grooming Package (upgrade)

- Includes Essential Groom, nail trim, basic ear cleaning, plus your senior pet will receive...
- Teeth brushed by Groomer.
- CET Hextra dental chew treat to take home.
- Dental Exam by one of our veterinarians with a customized treatment plan for your senior pet's dental healthcare.
- Express Service - yours will be the first groom of the day, so that your pet can return home as early as possible. Please discuss with your Groomer at drop-off as exact pickup times will vary. Space is limited per day, so please ask for this service in advance whenever possible.
- \$40 additional to Essential Groom base price.

Mini Groom - Face, Paws, Tail

- Your Groomer will trim the hair around your pet's face, paws, & tail, and will trim the nails if necessary/desired (when possible, based on your pet's temperament).
- Ear cleaning and bath are not included, but can be purchased separately.
- Price range is \$20-\$30 based on breed & size.

Baths

- Includes bath using specially formulated pet shampoo, blow dry, nails trimmed if needed (when possible, based on your pet's temperament), basic ear cleaning.
- Specialty shampoos can be added for skin & allergy conditions or to treat for fleas & ticks.
- Prices are based on the breed & weight of your pet. Please ask your Groomer or Receptionist for current pricing.

Shave Downs

- Please Note... Shave Downs are not recommended for most dogs since they can result in irritating "hot spots" on the dog's skin, increase the risk for sunburn, & cause the fur to grow back abnormally.
- Includes initial clipper trim, bath, blow dry, basic brushing & dematting, final clipper trim for smoothness.
- Nails trimmed if necessary/desired (when possible, based on your pet's temperament).
- Basic ear cleaning (serious problems may require veterinarian exam & medication).
- The Groomer must often brush out any clumps, or "mats", before shaving a dog. This process is called dematting. Shaving a dog without dematting first can cause serious injury due to clippers nicking the skin. There may be an additional charge for dematting based on the time involved. Some mats must be cut out by hand with scissors.

Ala Carte Grooming Services

Many grooming services can be performed on their own, or added on to a base package. Ask your Groomer or a receptionist for prices...

- Shampoos, brushes, & cologne are available for sale to help you keep your pet's coat clean & smelling good in between grooming visits.

(ala Carte Services Continued)

- **Specialty Cuts** - Poodle? Schnauzer? Yorkie? Custom styles are available for many breeds.
- **Sanitation Clip** - The areas under the tail & between the rear legs are trimmed to help improve potty-time cleanliness.
- **Teeth Brushing** - Can be performed at any time, with or without other grooming services.
- **Nail Trims** - Don't need a bath or groom, but the nails are starting to be a problem? Your Groomer will be happy to remedy that for you.
- **Ear Cleaning** - Included with grooming, shave downs, and baths, but can be done separately as well.
- **Anal Glands** - If your pet needs anal glands expressed between grooms, an appointment can be made with a technician just for that.

Please Note...

- Grooming patients must show proof of negative fecal test within the last year, & be up to date for the following vaccines:
 - Bordetella (dog = 6 months / cat = 12 months)
 - Rabies (dogs & cats, annually)
 - DHPP (dogs only, annually)
 - FVRCP (cats only, annually)
- Heartworm test and Lepto vaccine are not required, but are recommended annually for grooming.
- We must keep our facility flea/tick free for the safety of all patients. Therefore, if fleas/ticks are found on your pet, we will bathe with a medicated shampoo & administer flea/tick medication at the owner's expense.
- Special handling may be charged if a patient is not cooperative.
- Sedation may be required for some "rowdy" patients. This is often the case for our feline friends. Pre-anesthetic tests may be required.
- Drop off & pick up times vary by day. Please inquire when making your appointment. Any patient still here at closing will be charged for boarding until picked up (minimum 1 night).
- Many medical services can be provided while your pet is here for grooming. Ask for more information when scheduling your groom

JANE

Jane joined LVH in 2006 and came to us with 40+ years of dog grooming experience. She grooms dogs full time here, taking appointments every Monday, Tuesday, and Friday, as well as occasional Saturdays (call for details).

Originally from the Cleveland area, Jane attended O.S.U. where she found time to raise and show Irish Setters. Jane has groomed for private facilities, a boarding/show kennel (which she also managed), veterinary hospitals, & operated her own private grooming business.

Jane has 2 Australian Shepherds, a rescued Beagle Mix pup, & 3 cats. Jane says, "I love my work every day because I love the animals. They make my job fun. It's hard to have a bad day when you see a smiling puppy face and a wagging tail. I love my job!"

Cat Grooming

Cat shave downs are performed by our registered veterinary technicians. Days and times available vary, but are generally available Monday thru Friday. Please call for more information.

Cats often require sedation to remain "calm" through the entire process, so we usually ask you to drop off your kitty in the morning, so the anesthesia can be monitored by our surgery doctor. Our technician will alert you to a pick up time during the admission process.

If your cat requires anesthesia, we may need to perform a basic blood test and/or x-rays to make sure he/she is healthy enough to be sedated.

Pet Grooming at Liberty Veterinary Hospital

Liberty Veterinary Hospital is glad to provide on-site grooming throughout the week. Inside you will find information on services available & our policies that ensure the health (as well as beauty) for all grooming pets. If you have questions regarding our policies or facility, please feel free to give our staff a call or stop by for a guided tour. We will be happy to show you around & introduce you to our groomers.

**6823 Yankee Road
Liberty Township, OH 45044**

Ph.(513)755-9700

Fax (513)755-9107 / www.libvethosp.com

**Robyn T. Collins, DVM Amy L. Johnstone, DVM
Holly F. Gossett, DVM**

Grooming Hours:

Mon., Tues., Friday: Check In = 8:30-9:30am
